WHO CAN USE FOE LOGO?

Companies and products authorized to use Friend of the Earth logo

Friend of the Earth registered trademark – Friend of the Earth logo – can only be printed and displayed on products with a **valid Friend of the Earth certificate or logo use authorization**.

Only companies which have a **valid signed Friend of the Earth Audit and Licensing Agreement and a valid Friend of the Earth certificate or logo use authorization** can apply/print Friend of the Earth registered trademark on their own branded Friend of the Earth certified products. These companies can also highlight their products' Friend of the Earth certification on the specific Friend of the Earth certified products' related marketing material and communications.

The Scheme Owner can revoke, by means of an official communication, authorization to use the Friend of the Earth trademark, for those companies which are not compliant with yearly

royalties payment, and more generally for those companies not compliant with the signed Audit and Licensing Agreement.

Companies whose authorization to use the Friend of the Earth logo has been revoked, must remove the logo from the products according to the timing specified in the Audit and Licensing Agreement.

Companies with own branded products certified Friend of the Earth, **cannot authorize their customers/clients, nor any other company**, to use the Friend of the Earth logo. Any company interested in using the Friend of the Earth logo, must contact the World Sustainability Organization for information on application procedure.

Aim and area of application

This procedure aims to regulate the use of the Friend of the Earth logo by companies with Friend of the Earth certified products.

MAIN GUIDELINES

The Friend of the Earth logo is sent to companies owners of certified products by the world sustainability organization.

The Friend of the Earth logo is provided in various printable and online formats. It can be used on certified products and related promotional material in accordance with the following rules:

- ✔ *Minimum size: 8 mm (excluding the clear space)*
- ✔ *Internal text (Friend of the Earth) cannot be modified*
- ✔ *The Friend of the Earth logo includes an ® since Friend of the Earth logo is a registered trademark. Users must always include the ® as part of the logo.*

Users must received a written approval by the World Sustainability Organization for any new graphic use of the Friend of the Earth logo on packaging or other marketing material.

Additional guidelines are provided in the following pages as mandatory rules to be complied with or recommendations (where specified).

Terms and definitions

FOE: Friend of the Earth
OMDD: World Sustainability Organization

LOGO VARIATIONS

Mandatory Logo

Mandatory logo must include the registration trademark "r".

Recommended Logo

FOE suggests to include the FOE website and/or the FOE claim, in order to provide a more detailed information on the certification.

COLOR USE

For consistent color print reproduction, always match to Pantone® solid-coated swatches.

If you plan to use the FOE logo online, including your website or screen presentations, please keep in mind that FOE / WSO must approve the logo size and placement. Same applies to the printed logo.

Please contact us at marketing@friendoftheearth.org to receive the FOE logo for online use.

COLOR USE

All graphics available at **friendoftheearth.org** are property of FOE / WSO. Please do not use any logos, photographs or any other artwork you can find on the FOE / WSO website.

Full-Color Logo

FOE logo is red, green, black and white, placed on a white/light colored background.

friendoftheearth.org

Full-Color Reverse Logo

Example of logo use when the background color or imagery adversely affect the legibility of the logo and of its registered trademark.

Note that background color or imagery cannot appear through the FOE logo nor the logo can be altered in any way.

Mono-color Logo

Example of logo use in case of one-color or two-color printing, when FOE red and FOE green colors are not available.

CLEAR SPACE

The minimum clear space is at least X— where X equals to the width of the red circle of the logo — as shown here.

This clear space is the minimum, so whenever possible, increase the space.

SIZE

The minimum size for mandatory logo is 32" (8mm) width, while for recommended logo the minimum size is 82" (21mm) height.

NOTE
The registration mark ® scales independently. For the minimum print size, set the mark ® in Arial Regular 4pt.

Mandatory Logo

recommended Logo

Alternative authorized 3d logo (included in the files package as file FOE_3D_web_RGB.jpg)

INCORRECT USE

We encourage you to become familiar with the correct use of the FOE logo. The integrity of the logo must be respected at all times. Do not stretch, condense or otherwise alter it in any possible way.

Per ogni domanda riguardante l'utilizzo de logo, siete pregati di contattarci a:
marketing@friendoftheearth.org

Do not re-create or re-type the words.

Do not stretch or alter the FOE logo in any way.

Make sure the trademark is readable.

Do not change the FOE logo color or use the FOE color print version for online or screen presentations.

Do not change the position or size of the text.

Do not use any graphic effects or outlines on FOE logo. An official 3D logo is provided by scheme owner

Do not angle the FOE logo. Always use it vertically.

Do not add any shapes

Do not use less than 100% ink density to print the logo.

Do not place other graphics or text over or around the logo.
